

Mikhail Meliukhin

Full-Stack Developer

work@mishashto.com · @mishashto
Japan, Osaka, Sakai City, Kaorigaokachou 4-4

WORK EXPERIENCE

Self-employed
2014-2019

Full-stack website development

Worked on various platforms, such as freelancehunt, fl.ru and UpWork providing bug fixes for websites and offering full-stack development. Worked mostly with WordPress, Drupal and other PHP-based CMS.

Russian Post
2021 - 2023

On-site computer technician

Worked with a variety of computer machines, signage systems and printers. My work mostly consisted of fixing minor issues with computers, VPN and fixing printers.

Self-employed
2024 - now

Personal Venture

Currently developing a variety of future of work related projects, focusing on implementing AI with hands-off experience. As of now exploring feasibility through building MVPs.
